HEAD & FACE SPA EXPERIENCE

The philosophy of Head SPA originates from the Japanese art of care, where the beauty of the hair begins with a healthy and relaxed scalp. It is a holistic ritual combining care, aromatherapy and massage — harmonising the body, mind and senses. At Aries SPA Zakopane, the Head SPA treatment has been enriched with exceptional Italian cosmetics by Davines, whose advanced formulas nourish, regenerate and strengthen the hair from roots to ends. A gentle massage of the scalp, face and neck stimulates microcirculation, soothes tension and induces a state of deep relaxation. It is not only a treatment, but also a ritual of inner calm — during which every touch, scent and sound create a coherent, soothing ceremony. Perfect for those seeking regeneration, relaxation and a return to natural harmony in the rhythm of the mountain landscape.
